

ED WALK FOR CFE

ENDING A DECADE OF A DREAM DENIED

10 Years After the Campaign for Fiscal Equity decision, our students are still being shortchanged, so we are walking 150 miles to Albany!

Why is The Foundation Aid CFE Provides Important to Peekskill Schools?

A lot has changed in Peekskill Schools since CFE was frozen eight years ago:

- Student enrollment increased by 800
- Our student body increased to over 85% students that qualify for Free and Reduced Price Lunch
- There's also been a significant increase in English Language Learners and students with special needs, whom both require specific services as mandated by the state
- Our student body has high needs and our facility needs haven't even been met yet!
- Our Foundation aid decreased by \$10 million in the last year alone!
