How do we grow the PTO?

Changing the narrative of how much time you have to give.

Could be sitting at back to school, handing out flyers.

Helping out at Picture Day.

Helping at Saturday Academy with the craft we are doing.

Can be preparing for Saturday Academy, picking up supplies.

Concession nights at sports events.

Growing:

Identify leaders within the events themselves.

Recruit leadership from event (e.g., interested in Trunk or Treat could then organize in subsequent years).

Start in September to sign up for future events.

Sending out the Sign-Up Genius early

At Back-to-School night, secure photo day volunteers

Potential to move to a Google Form rather than Sign-Up Genius

Make it so that you can see who signs up for which event, to motivate people to get volunteers.

Every parent should be able to look at a calendar of the school year in Google Forms

Flyer is going in the back-to-school packets

Moving away from Committees to 4-hour time commitment per school year

Still need leaders and leadership, identify leaders in events, and move towards growing pool overall—then re-visit committees.
